

# Barley Straw Liquid Extract

BSE16 • BSE32 • BSE128

## Features

EasyPro's family of water treatment products is designed to work together to achieve the natural ecological balance your pond needs to maintain clean, clear water.

EasyPro Barley Extract contains active ingredients derived from barley straw. This liquid formula also eliminates the need to use unsightly pellets or bales of barley in your pond.

- All natural liquid formula - releases humic acids
- Safe for use with aquatic life and pets
- Keeps water clean and clear
- Easier to apply and works faster than straw bales and pellets
- Maintains a healthy, balanced ecosystem and reduces pond maintenance
- For best results use with EasyPro All Season Bacteria

2 fl. oz. per  
1,000 gallons

## Directions for Use

*For maintenance applications or new ponds:*

- Apply 2 fl. oz. per 1,000 gallons every two weeks

**KEEP OUT OF REACH OF CHILDREN**

**Safe for fish & aquatic life**

## When to Use

- To increase water clarity naturally
- Spring and summer, every two weeks
