WARNING: FLAMMABLE LIQUID AND VAPOR. CONTENTS UNDER PRESSURE. CONTAINER MAY EXPLODE IF HEATED. MAY CAUSE EYE IRRITATION. Read back label.
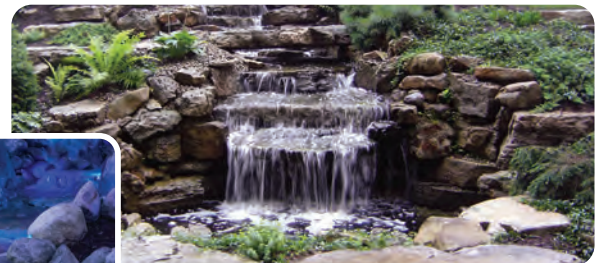

Net Wt. 20 oz. (566 g)

Black Waterfall Foam
Use to fill in cracks between rocks to prevent water from being "lost" over waterfalls, in streams or around water features

Our exclusive, patented formula has carbon black for inherent color, rather than black dye that fades. It's just better foam!

- **Improves water flow visually and black color hides foam in the shadows of the rocks**
- **Minimal expanding foam - better density, better control and less waste**
- **Hand foam cans have a patented trigger system that sprays at any angle, and a 'stow straw' which allows multiple uses for up to two weeks.**
- **18 month shelf life**
- **Fish safe, non toxic formula**

The Best on the Market

Not all black waterfall foams are the same!

H2OYEAH!

Compare our foam density and fade resistance to the competitors.

Foam Density

EasyPro

Competitor

Fade Resistance

EasyPro

Competitor

Black Color Foam

- ■ We use carbon black for the color, not dye, like our competitors. Fade resistant!
- ■ Carbon reduces UV deterioration of foam and holds its color.
- ■ Blends quickly with rocks and disappears behind flowing water
- ■ Cured product is safe for aquatic plants, animals and pets

Minimal Expanding Foam

- ■ Better density for secure rock placement and design
- ■ Better control during application
- ■ Less waste – saves time and money with less foam to trim away

Re-usable 20 oz can with easy-to-use dispersing trigger

- ■ Dispenses in any position - at any angle
- ■ Reusable system – Stow Straw allows multiple uses from the same can
- ■ Right size for the job – No one uses just one 12 oz. can when creating a water feature! The larger can allows a lower unit cost so you get a better value.
- ■ 18 month shelf life from date of manufacture

SPRAY & STOW TECHNOLOGY!

SPRAY
Trigger system dispenses from any angle. No expensive gun needed!

STOW
Straw folds down for storage allowing you to store unused product for up to two weeks. Less waste!
